HCL Express is a transportation and logistics company that has been delivering oversized loads from Europe to Russia, Kazakhstan and other CIS countries for more than 10 years.

Any oversized load delivery implies the use of highly professional skills, knowledge of laws and requirements of special transportation services in various countries. Our team fully meets these criteria. We are investing in the development of our special machinery fleet, and extending the technical and geographical possibilities of the company.

Today our fleet consists of 25 trucks and 35 different trailers, including deep loading, extendable and low-bed trailers with a capacity up to 50 t.
